Announcements

- **Tutoring section** sign-ups have been released and can be found on piazza
 - Groups of 4-5 students led by a staff tutor
 - Good source for staying up-to-date, additional practice, small group interaction, and forming study groups
 - More details/schedule on Piazza
- **Office Hours** begin this week! Monday-Friday from 12-4pm and 7-9pm.
- Remember to always check your OkPy submissions for nonempty assignments!
- Gradescope vs OkPy regrade requests:
 - Submit regrade request via Gradescope for written questions
 - Send email to discussion GSI for autograder questions/regrades
 - Up to 5 days after the assignment to submit regrade request

Lab Policy

- How do I get full points for lab? Starting this week, you have **2 options**:
 - Submit your completed lab by Wednesday 8:59 AM (must pass all test cases)
 - Attend lab, stay for the whole hour (or until you finish), submit to OkPy and get checked off (even if you don't finish)

Mini-review

Tables

- Tables can be viewed as:
 - **Rows** that represent individuals
 - **Columns** that represent a single attribute

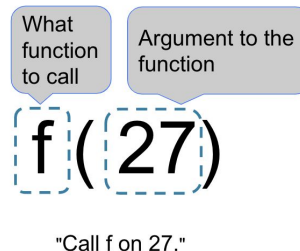

Name	Code	Area (m2)
California	CA	163696
Nevada	NV	110567

Programming

- Assignment statements

- Call expressions

Mini-review (cont.)

Causality

- Key Terms:
 - Association
 - Causation
 - Confounding Factors
 - Randomized Controlled Experiment

Lab 2

- Lab 2 can be found on the course website
- Create tickets at **lab.data8.org** to ask questions
 - Include **question number** and **breakout room number**
- If you have technical issues, come back to the main room
- Feedback form:
